

DOMAINE DU GRAND MAYNE

GRAND MAYNE WINEMAKER MASTERCLASS, 27 MAY & 10 JUNE 2021 - 6 PM (UK time)

Please join us for a Winemaker Masterclass from our award-winning winemaker, Mathieu Crosnier.

Mathieu will take us through 6 of our delicious wines from our [specially selected tasting case](#), explaining the terroir, grapes, maturing process and taste.

On **27 May** we will be drinking our 2020 Rosé, Merlot Cabernet 2018 and Reserve Sauvignon/Sémillon 2017.

On **10 June** we will be drinking our Sauvignon 2019, Reserve Sauvignon/Sémillon 2018 and Reserve Merlot Cabernet 2018

We've also listed below some of the things you may want to know in advance of the event.

How do I join the tasting? We will send you a link to our Zoom webinar. Please share this with those you have invited and not provided an email address. We suggest you select Gallery Mode once you are onto the site. You will see us, but we will not see you and you will not see others.

How long will the tasting last? We expect the event will last 60 - 75 minutes.

What else will you need? Good glasses that taper at the top are the best. Water and dry biscuits will also help the tasting experience. Some people arrive equipped with a spittoon, but few choose to use them!

Should I open the wines in advance? It's preferable to take the whites and rosé out of the fridge and open them 20 minutes or so before the tasting starts. We suggest you open the reds too, and ideally they would be a little cooler than room temperature.

How long would the wines last after the tasting? Refrigeration of the wines (both red and white) should mean that you can enjoy them for up to 5 days after the tasting. Use of a device which extracts the air from the bottle after opening will help to keep the wine fresh for longer.

Can we be seen by others during the event? We are likely to have more participants than we can fit on our screens, so your camera and microphone will not be on.

Can we ask questions? Yes, please do participate. At the start of the session we will show you how to contribute and ask questions using the Chat feature on the Zoom screen.
